Allweather Wood Woods Cross Plant Guide

1959 S 1100 W
Woods Cross, UT 84087

The Allweather Wood Woods Cross preservative treated, and fire-retardant treated plant is a full-line manufacturing and distribution facility in the greater Salt Lake City metropolitan area servicing Dealers and Wholesalers in the Central U.S.

The Allweather Wood Woods Cross facility stocks over 18 million feet of preservative treated and fire-retardant treated products on the ground. The facility species mix is 70% Douglas-fir and 30% Hem fir. The Woods Cross facility offers specialty treated quotes and Treating Service Only (TSO) services.

Please call our sales office in Woods Cross, UT at (801) 295-9449 with inquiries regarding this facility.
